1. Dating

Stud... Un tío guapo

Nivel de 'cool' 9

ENGLISH EXPLANATION: A *stud* is the male horse used to mate with female horses to create new, well-bred horses. *Mate*, in case you didn't know, is a biological word for animals fucking (and also a British English word for *friend*). It is this original meaning of *stud* that gives us its slang use in the world of sex and relationships for a man who is strong, beautiful and irresistible. If a woman refers to you as a *stud* then you know you're doing something right. Unless of course you're a woman. *Stud* is only used for men.

SPANISH EXPLANATION: Un *stud* (*semental*) es el caballo utilizado para aparearse con yeguas y crear caballos de buena raza. *Mate*, en caso de que no lo sepas, es una palabra biológica para referirse a la cópula animal (y también una palabra del inglés británico para *amigo*). Es este significado original de *stud* el que nos da su uso slang en el mundo del sexo y las relaciones para hablar de un hombre fuerte, hermoso e irresistible. Si una mujer se refiere a ti como un *stud* entonces sabrás que estás haciendo algo bien. A menos, por supuesto, que seas una mujer. *Stud* únicamente se utiliza para hombres.

'Stud' in context with Rokeby and Dave

ROK: Now, Dave, when you think of **stud** you think of a particular type of man, don't you?

DAVE: Well, / don't, because I don't really think about men as sexual objects.

ROK: You know what I mean, though, it's like, Jonny Depp, although lots of women think he's very sexy, I doubt they'd describe him as a stud. And it's not just pretty boys... nerdy but interesting looking singers can't really be described as **studs** either.

DAVE: I don't think a **stud** is at the other extreme either – a huge towering muscleman. I think a **stud** has a masculine type of attractiveness without being over the top.

ROK: So who do you think would be well described as a **stud**?

DAVE: That's a difficult one because it's not really the sort of word you use in relation to famous people. It's more something you say about someone you know who all the ladies like.

ROK: But if you had to choose a famous person you'd say was a **stud**, who would you choose?

DAVE: I'd say Brad Pitt was a **stud**... especially now he's older.

ROK: So you think Brad Pitt's a **stud**?

DAVE: That's what I said. Wait...is this one of your infantile games to make me say I think another man is a stud?

ROK: Of course not. Anyway, it's not necessary; you already said that you think he's a stud. I admire the fact you can say and feel that so openly.

DAVE: Asshole. Next word please.

Hottie... Guapo (a) | Sexy

Nivel de 'cool' 6

ENGLISH EXPLANATION: You should know by now that *hot* in English doesn't mean – as it does in other languages – *someone who wants sex at that moment*; it's *someone who is attractive, sexy or beautiful*. Thus, a *hottie* is a noun derived from the adjective that you can use for someone that's *hot*. "Wow, what a hottie." *Hottie* can be used for men or women.

SPANISH EXPLANATION: A estas alturas deberías saber que *hot* en inglés no significa, a diferencia de otras lenguas, *alguien que quiere sexo en el momento*. Se trata de alguien que es *atractivo, sexy o hermoso (a)*. Sin embargo, un (a) *hottie* es un

sustantivo que deriva del adjetivo que puedes utilizar para alguien *hot*. “Wow, what a *hottie*”. *Hottie* puede ser utilizado tanto para hombres como para mujeres.

‘Hottie’ in context with Rokeby and Dave

ROK: Well, Dave, it’s a debate we seem to have constantly in our podcasts but I don’t think there’s any harm in repeating it again.

DAVE: What?

ROK: Which country – as a percentage of the total population – has the highest quantity of **hotties**?

DAVE: Well, my first instinctive answer is Brazil.

ROK: Nahhh... Brazil has lots of **hotties** of course, but for me, Brazilians are more for the burnt out ladies man – you’ve already had your fill of Latin or Scandinavian **hotties**, so you start going into more exotic and unusual territory.

DAVE: What do you mean?

ROK: Well, we all have a clear idea of a dark Latin goddess or a Scandinavian blonde but there’s no distinct Brazilian type. A Brazilian **hottie** could be blonde, black, dark, light... and that’s very interesting but the inconsistency means that...

DAVE: INTERRUPTS...What the fuck are you talking about? That’s bollocks. Isn’t it that diversity, that inconsistency which is exactly the reason why Brazil has the *highest* amount of **hotties** per capita in the world? Your problem, Rokeby, is that you have mono vision: you’re just into dark Latin women. You need to broaden your tastes.

ROK: Well, I can’t really say any more than that, can I? Podcast over. And just remember, everybody – that in the world of inglesmusica.com... all women are hot. See you next week, guys.

*Macking the
honeys... Ligar*

Nivel de 'cool' 6

'Macking the honeys' in context with Rokeby and Dave

ROK: So, Dave, we've had the debate about which country has the highest amount of hotties per capita, now let's move to a deeper question – what's the best way **to mack a honey?** I suppose you're better at explaining **macking** than me, though.

DAVE: Well, **macking** is what any self-respecting, healthy, blue blooded man is doing on a Friday and Saturday night. But I think I should point out that we only included the term because it's used in some important films. It's actually a bit nineties.

ROK: Dave's volunteering this information because he's terrified of ever appearing unfashionable. Just get on it with it, Dave.

DAVE: Okay, as I was saying, **macking the honeys** is what any self respecting man does on a Friday night. As opposed to what you do – put your son to bed and sit on your sorry divorced ass, writing at the computer.

ROK: Well, at least I'm single... I have more potential for **macking the honeys** than when I was married.

DAVE: Yeah...but you're not taking it. If at least you could spend all that time on the computer on Match.com that would be something.

ROK: But I know it's possible to get women on the internet, but does that count as... **macking the honeys?**

DAVE: This is a fiercely debated question amongst **mackers**. You see, it's clear that it can yield incredibly large volumes of women...but is it too impersonal and not just not smooth enough to be counted as **macking?**

ROK: I think I'll leave that debate to you. Let's move on. Second phrase.

Making out — *Besarse*

y enrollarse en alguna actividad sexual ligera

Nivel de 'cool' 7

ENGLISH EXPLANATION: *Making out* is a very difficult phrasal verb because it also means *to lie*. In girl – boy terms however, *making out* means *to kiss and engage in some light sexual activity*. “Joe and I were making out on his sofa.” Or you could say “We didn’t do anything serious – we were just in his car making out.”

SPANISH EXPLANATION: *Making out* es una frase verbal muy difícil porque también significa *mentir*. En términos de chica–chico, sin embargo, *making out* significa *besarse y enrollarse en alguna actividad sexual ligera*. “Joe and I were making out on his sofa”. O podrías decir: “We didn’t do anything serious – we were just in his car making out”.

‘Making out’ in context with Rokeby and Dave

DAVE: Okay Rokeby, you’re on a first date... you meet a hottie – great personality, smoking body... what are you expecting when you get back to her place? Just to **make out** or to go all the way?

ROK: So your question is: is it okay to have sex on a first date?

DAVE: No, because it’s obviously okay. My question is what *you*, personally, expect...just to **make out**...or more?

ROK: Well, there’s two answers to that question – the first is that I don’t believe in casual sex so I’d definitely stick to **making out**.

DAVE: And what’s the second answer?

ROK: Well, the problem with the first answer is that that's the normal me. That's what I believe day by day – a fundamental part of my philosophy.

DAVE: I'm not getting you? What are you saying?

ROK: Then I have a drink.

DAVE: Arghhh...

ROK: And it all mysteriously changes. And the worst thing is that because I never would go out and not have a drink – the whole thing is completely academic and shallow. I hate that shit.

DAVE: But I know you man... the fact is you don't go sleeping around. You keep things on the **make out** level, no?

ROK: Yeah... not for want of trying, though. I mean, I suppose I can keep it under control but I'd like to live according to my principles whether I'd had a drink or not.

DAVE: Hey man... that's why drink was invented. To smash principles. And I think we should go out and smash a few more right now. See you next week, class... but remember – making out can be more erotic than going all the way. Catch you later.

Guy... Tio

Nivel de 'cool' 7

ENGLISH EXPLANATION: The word *guy* is really important for your English. The main reason you need to incorporate this word into your vocabulary is so you don't make it blindingly obvious that you're an amateur English speaker. Imagine, for example, you're narrating a story: "I was walking down the street and a man was smoking a cigarette" or "...a boy was smoking a cigarette;" it just doesn't sound right. An English speaker with a rich vocabulary will say: "A guy was smoking a cigarette."

SPANISH EXPLANATION: La palabra *guy* es muy importante para tu inglés. La razón principal por la que necesitas incorporar esta palabra a tu vocabulario es para no hacer enormemente obvio que eres un hablante del inglés amateur. Imagina, por ejemplo, que estás narrando una historia: “I was walking down the street and a man was smoking a cigarette” o “...a boy was smoking a cigarette”; simplemente no suena bien. Un angloparlante con un rico vocabulario diría: “A guy was smoking a cigarette”.

‘Guy’ in context with Rokeby and Dave

ROK: Okay, you know what, Dave? I think we’re giving out a lot of mixed messages in these chats. Shall we just state categorically that whatever we say – we *are* committed feminists?

DAVE: Yeah. I’m down with that.

ROK: Saying that, we do need to address the question of exactly how **guys** are different from chicks.

DAVE: Oh...yeah... that old question. Well, I think we can still see a strong difference between men and women, and maintain our feminist credentials.

ROK: You think? Even if we claim that **guys** are inherently more rational than chicks?

DAVE: Hey...rationality is seriously overrated. I’m sure everything seemed entirely rational to that motherfucker, Hitler.

ROK: That’s an interesting point. You’re trying to say that it’s a weakness of **guys** that they’re more rational?

DAVE: Yeah, but anyway, I’ll tell you another definite difference between the genders: **guys** are far better historians than chicks.

ROK: Explain.

DAVE: In my experience, all arguments end up involving a version of events that happened in the past. It could be a long time ago – the time you kissed that ex girlfriend for example, or ten minutes ago – who said they’d wash the dishes; but whatever the time frame you can bet your bottom dollar that whenever a chick gives her version of events they are nowhere near the real version. I tell you, chicks are terrible historians. They remember emotionally – they remember what their emotion tells them

ROK: Err...I think we better move on, Dave, our feminist credentials are getting tenuous.

Fag... Marica

Nivel de 'cool' 0

ENGLISH EXPLANATION: *Fag* is short for *faggot*. The term was originally used as a derogatory term for homosexuals but has since seeped into common usage for any perception of weakness or femininity. For example, if lots of guys were drinking beer and one of them didn't want to drink more he would be called *a faggot*. If three youths were about to rob a store and one said he was scared, the other two might call him *a faggot*. *Faggot*, to refer to homosexuals, is a highly offensive term.

SPANISH EXPLANATION: *Fag* es una abreviación de *faggot*. La palabra fue utilizada originalmente como un término despectivo para homosexual, pero desde entonces ha pasado a ser uso común para cualquier percepción de debilidad o feminidad. Por ejemplo, si muchos chicos están bebiendo cerveza y uno de ellos no quiere beber más sería llamado *faggot*. Si tres jóvenes estuviesen a punto de robar una tienda y uno dijese que tiene miedo, los otros dos lo podrían llamar *faggot*. *Faggot*, para referirse a homosexuales, es un término altamente ofensivo.

'Fag' in context with Rokeby and Dave

DAVE: You know, Rokeby, you're such a **fag** every time we go out.

ROK: That's a bit harsh, isn't it? And stop telling everyone I'm boring when we go out.

DAVE: But you always wanna go home at 12pm. You're living in Spain where you're supposed to stay out all night and party till the sun goes up.

ROK: Yeah, Dave, but the problem is that if I party till the sun goes up then I party till my son *wakes* up. Do you know what it's like to get home with a hangover and then have to deal with children?

DAVE: Admittedly, no. Thank God!

ROK: It's a bloody nightmare, and the worst part is that not only do you have to do lots of logistical shit like cook and play

with toys and deal with all the demands of a six year old, you have to look at their unbelievable energy and vigour contrasted with your own hangover state.

DAVE: Yeah, man, but you're still a total **fag**.

ROK: And how do you work that out?

DAVE: Because you must wanna go back home. Haven't you ever heard of a babysitter?

ROK: Yeah, and haven't you ever heard of *no money*? Are you gonna pay for a babysitter all night?

DAVE: Err...

ROK: No, I thought not! But don't worry, I'll let you pay this weekend. And that brings us to the end of another class, people. And remember, we've already passed the halfway mark, so start studying these words...we might surprise you with an exam one day. See you later.

Chick... Chica

Nivel de 'cool' 6

ENGLISH EXPLANATION: Just as you need to enrich your vocabulary and have another word for *men* and *boys*, you need to have another word for females apart from *girls* and *women*. Admittedly, to refer to them as *chicks* isn't the most politically correct label, but this is a course in street English, not aristocratic English, and most guys refer to women as *chicks*.

SPANISH EXPLANATION: Así como necesitas enriquecer tu vocabulario y tener otra palabra para referirte a *hombres* y a *chicos*, necesitas tener otra palabra para mujeres además de *girls* y *women*. Ciertamente es que referirse a ellas con el término *chicks* no es la designación más políticamente correcta, pero éste es un curso en inglés de la calle, no inglés aristocrático, y la mayoría de los hombres se refieren a las chicas como *chicks*.

'Chicks' in context with Rokeby and Dave

DAVE: Okay, so let's talk about something that's a little controversial. Which do you go for, Rokeby, **chicks** in their 30s or **chicks** in their 20s?

ROK: Hey, you're really trying to get me in trouble here – asking me first.

DAVE: Hey, only if your answer's going to be a resounding vote for younger **chicks**. Anyway, stop stalling and get on with it.

ROK: Okay, well, I'll start off by saying that the best sex I've had has always been with women my own age, or older. And, women in their thirties make better company; buu-ut...

DAVE: ...Ah ha, I was waiting for the *but*.

ROK: No, it's not the sort of...*but*...that comes from a cradle snatcher like you; buuu-ut, it would be dishonest to deny that from a physical point of view a girl in her mid-twenties is a potent force. And even psychologically, I have to say that sometimes I meet younger **chicks** and expect them to be a bit silly, and they end up being interesting and challenging; they offer a different perspective.

DAVE: Fuck me, it sounds like you're in a job interview. So which do you prefer? You gotta choose.

ROK: Honestly honestly honestly... I like them both.

DAVE: You're as snake-like as a politician. Word 2 please!

Babe... Chica quapa

Nivel de 'cool' 8

ENGLISH EXPLANATION: *Babe* is just another word for *chick* with the only exception that a *babe* is *an attractive chick*. If you went to a club last night and you say to your friend "It was

full of babes” it means there were lots of attractive *chicks*. *Babe* has a similarity with *honey* in that if you say, “She’s a total babe” you mean *she’s really hot*; whereas, if you say “Hello, babe” to your wife it’s just like saying, “Hola cariño.”

SPANISH EXPLANATION: *Babe* es otra forma de *chick*, con la única excepción de que *babe* es una *chica atractiva*. Si estuviste en una disco anoche y le dices a tu amigo “It was full of babes” significa que había muchas chicas atractivas. *Babe* se asemeja a *honey* en que si dices “She’s a total babe” quieres decir *she’s really hot*; sin embargo, si le dices “Hello, babe” a tu esposa es como decir “Hola cariño”.

‘Babes’ in context with Rokeby and Dave

ROK: Is it true, Dave, that the only thing you live for are **babes**?

DAVE: No, Rokeby, it’s not true. You know it’s not true. I live for the church, the community, and my mum.

ROK: Are you sure you’re not just saying that to get more **babes**?

DAVE: Explain.

ROK: Well, if you admit that the only thing you care about are babes then you’ll get less **babes**. They’ll all see you as a potential liability in the fidelity department.

DAVE: You know, you have a very devious imagination.

ROK: Comes from dealing with you, Dave. Anyway, I’m a little worried that these podcasts make us sound like a couple of guys who only care about **babes** and macking **babes**. So, I’d like you to tell the listeners something about yourself which they don’t know that has nothing to do with **babes**.

DAVE: Okay, well, I guess no one knows about my career as a tarot card reader. I’m pretty passionate about it I have to say.

ROK: I’m sure. And the **babes** like it, true?

DAVE: Hey, are you suggesting that I only read tarot cards to meet **babes**?

ROK: Well, now you mention it... I’ve never seen you read a guy’s tarot.

DAVE: You motherfucker. I’m going – see you next podcast.

ROK: Whoops, looks like we've lost the Dave. Don't worry, though, he'll be back for the next class. In the meantime, people, I'll read *your* tarot. I see you in the future having total domination of the English language. Bye bye, my friends...see you next week.

Dumped or

ditched — Ser abandonado

por tu pareja

Nivel de 'cool' 8

ENGLISH EXPLANATION: We all know the expression *to break up*, but what do people on the street say? In colloquial English the focus doesn't lie on the fact that two people have *broken up* but on *who left who*. The act of breaking up with someone – especially when it's the choice of one, is known as *dumping* somebody. As *dumping* is what you do with unwanted rubbish, it's not a very nice term. It is, however, very common. A similar term is *to ditch someone*.

SPANISH EXPLANATION: Todos conocemos la expresión *to break up*, pero ¿qué dice la gente en la calle? En el inglés coloquial el foco no reside en el hecho de que dos personas *han roto una relación*, sino en *quién dejó a quién*. El acto de romper con alguien, especialmente cuando es la decisión de uno, se conoce como *dumping*. Y como *dumping (deshacerte)* es lo que haces con la basura inservible, éste no es un término muy agradable. Es, sin embargo, muy común. Un término similar es *to ditch someone*.

'Dumped & Ditched' in context with Rokeby and Dave

DAVE: Is it true, Rokeby that you claim you've never been **dumped** by a woman?

ROK: It's true that I claim that, but it's not true. I've had my fair share of being **dumped**. And how about you?

DAVE: Of course! But are there any particularly traumatic episodes where you got **ditched**?

ROK: Well, I remember getting **dumped** many years ago and being presented with a list of reasons why I was being **dumped**. A bit like 'Ten reasons why I hate you.'

DAVE: I like it. Fill me in.

ROK: Well, the one that comes to mind first was, "you eat like a fucking pig."

DAVE: Excellent.

ROK: You see, this was many years ago and I was a little less refined than I am now. If that's possible.

DAVE: And why else did she say she was **dumping** you?

ROK: Well, there was a rather bad side effect from a medicine I was taking. It did leave a certain function a bit difficult to perform. But I think I'll stop there, Dave. Or no woman will ever go out with me again. Why don't you tell us the whackest, most lamest excuse you can give someone for dumping someone?

DAVE: Well, that's easy. When you say – *it's not you it's me*. The interesting thing I've found, though, is that even when you become mega sophisticated and you're aware of what's lame and not...you just use more sophisticated versions of the old, lame excuses.

ROK: Well, I'd like to explore the theme more, Dave. But unfortunately it's time for the next word.

Bitches... tias

Nivel de 'cool' 0

ENGLISH EXPLANATION: Hip-hop English has a long history of referring to women as *bitches*. In other words, it's not that they're particularly angry or wanting to offend a particular woman, they're just referring to women as *bitches* as if it's a normal term. It's not, and it's totally offensive, and although we love slang and rude words this is one term we won't accept. A further worrying development is the use of *bitch* as an insult to another man. Learn to understand this term but never agree with it and never use it.

SPANISH EXPLANATION: El inglés del hip-hop tiene una larga historia de referirse a las mujeres como *bitches* (*perras*). En otras palabras, no es que se esté particularmente enojado o con deseos de ofender a alguna mujer en particular, simplemente se está refiriendo a mujeres como *bitches* como si fuese un término normal. No lo es, es totalmente ofensivo y, a pesar que amamos las palabras del argot, éste es un término que no aceptamos. Un desarrollo preocupante es el uso de *bitch* como insulto hacia otro hombre. Aprende a entender este término pero nunca estés de acuerdo con él y nunca lo utilices.

'Bitches' in context with Rokeby and Dave

DAVE: Okay, Rokeby, what would you say if I said, *let's go out and drink some beers, shoot some pool, dance the night away, and pick up some **bitches***.

ROK: Well, first I'd wanna know if 'dancing the night away,' means that you and me dance together like a couple of gays, and then *later* we get the girls; or if me and you dancing together is a part of the getting the girl thing. Then, I'd wanna know what the hell are you doing using such an offensive term as **bitches** when you're talking about babes.

DAVE: Okay, so, what would you say if I said *let's go out and drink some beers, shoot some pool, dance the night away and mack some honeys*.

ROK: Well, I'd say, *I'm down with that*.

DAVE: Yeah, but I bet you wouldn't turn up or something like that. You're a workaholic.

ROK: Hey, I'm not a workaholic I'm *a recovering* workaholic.

DAVE: Jesus, if this is a recovering workaholic I wouldn't wanna see you when you were a real workaholic.

ROK: Yeah, it was pretty intense. I used to basically work all day, all evening, and then wake up in the middle of the night to work some more. That's the life of a writer. When he's not going through a long period of stagnation.

DAVE: Yes, anyway, are you ready?...let's go out and get us some **bitches**.

ROK: But I don't want to go out and buy some female dogs. Because I know the only circumstance in which you would say get some 'bitches' was in its zoological sense. I don't wanna pet. Now, let's go and mack those honeys.

DAVE: Done. Okay, everybody...time for the class to end. See you next week, guys.

Vocabulary Exercises

1) Match the word or phrase in the first column with the definition or synonym in the second column.

Stud	To kiss and touch
A hottie	To pursue and get women
Macking the honeys	Man
Making out	Beautiful, sexy man
Guy	Babe

Dumped or ditched	Gay
Fag	Hottie
Chick	A horrible word for 'girls'
Babe	A word linked to the end of a relationship
Bitches	Girl

2) Read the following story and choose the correct phrase when given two options.

Shit, man, the other day I was in a cafe with some friends - so fucking angry - because this guy I know was trying to be all hip-hop and said, "tonight I wanna go out and meet some **bitches / chicks 1**. I told him he was a fucking asshole and he shouldn't refer to women like that and he said, "how should I talk about them?" "Say, what everyone else says," I replied, "I wanna go out and **mack some honeys / meet some girls 2**. Anyway, I told the **man / guy 3**. to go fuck himself but then his sister arrived in the cafe. She was a total **hottie / chick 4**. The most incredible thing is that she was single because she'd just been **pitched / ditched 5**. by her boyfriend.

As the afternoon progressed I began to realise that I was in love with this **chick / girl 6**. And although I had to spend a long time listening to her idiot brother being offensive, not just about women but to gays by constantly referring to them as **fags / gays7**. It was worth it. In the end, I came up with a really cunning plan; I told him that when I went to the toilet I heard the chicks in the corner talking about him saying that he was a **real man / stud 8**. He totally believed me and said, "hey, guys, you wait, me and those chicks will be **macking the honeys / making out 9**. within half an hour – mark my words." It was so funny... they were real **babes / chicks 10**. and when he walked over to them he fell over a muffin on the floor. What a dick!

Answers

1) Match the word or phrase in the first column with the definition or synonym in the second column.

Stud	Beautiful, sexy man
A hottie	Babe
Macking the honeys	To pursue and get women
Making out	To kiss and touch
Guy	Man

Dumped or ditched	A word linked to the end of a relationship
Chick	Girl
Babe	Hottie
Bitches	A horrible word for 'girls'
Fag	An offensive term for 'gay.'

2) Read the following story and choose the correct phrase when given two options.

Shit, man, the other day I was in a cafe with some friends - so fucking angry - because this guy I know was trying to be all hip-hop and said, "tonight I wanna go out and meet some **bitches**. I told him he was a fucking asshole and he shouldn't refer to women like that and he said, "How should I talk about them?" "Say, what everyone else says," I replied, "I wanna go out and **mack some honeys**. Anyway, I told the **guy** to go fuck himself but then his sister arrived in the cafe. She was a total **hottie**. The most incredible thing is that she was single because she'd just been **ditched** by her boyfriend.

As the afternoon progressed I began to realise that I was in love with this **chick**. And although I had to spend a long time listening to her idiot brother being offensive, not just about women but to gays by constantly referring to them as **fag**. it was worth it. In the end, I came up with a really cunning plan; I told him that when I went to the toilet I heard the chicks in the corner talking about him saying that he was a real **stud**. He totally believed me and said, "Hey, guys, you wait, me and those chicks will be **making out** within half an hour – mark my words." It was so funny... they were real **babes** and when he walked over to them he fell over a muffin on the floor. What a dick!
